To Our First Baptist Family,
There are not enough words to express how thankful we are to you for all that you have done and continue to do for us since Mitt's surgery. The visits, cards, flowers, calls, and food have been wonderful. But the most important thing was prayer being lifted to God for Mitt during this time and continue to be lifted to the "Great Physician" every day.

I complete this thank you to all those men who spent two hot days building a handicap ramp before Mitt came home. All of these men are truly God-led men and show it each day doing God's work. By the way, when the job was finished, the ramp was prayed over.

Much love,
Mittie and Harry
